Subject index*

A

Abnormalities
Grafting of large defects of the jaws with a particulate dentin–plaster of paris combination (Kim et al). 1999;88:22-5
Three-dimensional facial morphometric assessment of soft tissue changes after orthognathic surgery (Ferrario et al). 1999;88:549-56

Abscess
A dentoalveolar abscess in a pediatric patient with ketoacidosis caused by occult diabetes mellitus: a case report (Shahgoli et al). 1999;88:164-6
Recurrent buccal space abscesses: a complication of Crohn's disease (Gagoh et al). 1999;88:33-6
Ultrasound-guided needle aspiration of lateral masticator space abscess (Sivarajasingam et al). 1999;88:616-9

Acne rosacea
An unusual case of a relationship between rosacea and dental foci (Lesclous and Maman). 1999;88:679-82

Acquired immunodeficiency syndrome
Oral *Candida dubliniensis* as a clinically important species in HIV-seropositive patients in the United States (Meiller et al). 1999;88:573-80

Actinic cheilitis; *see* Cheilitis

Adenocarcinoma
Synchronous ipsilateral sebaceous lymphadenoma and acinic cell adenocarcinoma of the parotid gland (Mayorga et al). 1999;88:593-6

Adenoid cystic carcinoma; *see* Carcinoma, adenoid cystic

Adhesions
Lip adhesion: an unusual complication of erythema multiforme (Marinho et al). 1999;88:167-9

Adolescence
Placement of endosseous implants in children and adolescents with hereditary ectodermal dysplasia (Kearns et al). 1999;88:5-10

Aged
Oral health in hospitalized and nonhospitalized community-dwelling elderly patients (Pajukoski et al). 1999;88:437-43

AIDS; *see* Acquired immunodeficiency syndrome

Alveolar nerve, inferior; *see* Mandibular nerve

Alveolar process
Radiologic interpretation of bone striae: an experimental study in vitro (Cavalcanti et al). 1999;88:353-7

Ambulatory surgery
Perioperative rehydration in ambulatory anesthesia for dentoalveolar surgery (Bennett et al). 1999;88:279-84

Ameloblastoma
Clinical features and management of oral and maxillofacial tumors in children (Tanaka et al). 1999;88:11-5
Pulmonary metastasis of ameloblastoma: case report and review of the literature (Henderson et al). 1999;88:170-6

Amelogenesis imperfecta
Dental anomalies associated with amelogenesis imperfecta: a radiographic assessment (Collins et al). 1999;88:358-64

American Academy of Oral and Maxillofacial Pathology
Selected abstracts from the 53rd annual meeting of the American Academy of Oral and Maxillofacial Pathology. 1999;88:202-13

Anesthesia, general
Perioperative rehydration in ambulatory anesthesia for dentoalveolar surgery (Bennett et al). 1999;88:279-84

Anesthesia, local
The effect of midazolam sedation on indicators for myocardial ischemia (Middlehurst and Coulthard). 1999;88:400-5
Evaluation of electronic dental anesthesia in children (Baghdadi). 1999;88:418-23

Angiofibroma
Giant cell angiofibroma of the buccal mucosa (Kintarak et al). 1999;88:707-13
Giant cell angiofibroma of the oral cavity: report of a new location for a rare tumor (Rousseau et al). 1999;88:581-5

Animal models
Autogenous bone grafts in the rabbit maxillary sinus (Watanabe et al). 1999;88:26-32
Localization and changes in superoxide dismutase immunoreactivity in rat pulp after tooth preparation (Baumgardner et al). 1999;88:488-95
The role of the disk in sheep temporomandibular joint ankylosis (Miyamoto et al). 1999;88:151-8

Ankylosis
The role of the disk in sheep temporomandibular joint ankylosis (Miyamoto et al). 1999;88:151-8

Anticoagulants
Dental extractions in patients maintained on continued oral anticoagulant: comparison of local hemostatic modalities (Blinder et al). 1999;88:137-40

Antigens, tumor-associated, carbohydrate
Oral contraceptive usage and the expression of CA 15-3 and c-erbB-2 in the saliva of healthy women (McIntyre et al). 1999;88:687-90

Apoptosis
Quantitative assessment of apoptosis in oral lichen planus (Bloor et al). 1999;88:187-95

Arthroscopy
Association between arthroscopic diagnosis of temporomandibular joint osteoarthritis and synovial fluid nitric oxide levels (Takahashi et al). 1999;88:129-36

Aspiration
Comparative study of different syringes in positive aspiration during inferior alveolar nerve block (Delgado-Molina et al). 1999;88:557-60
Foreign body ingestion and aspiration (Zitzmann et al). 1999;88:657-60
Ultrasound-guided needle aspiration of lateral masticator space abscess (Sivarajasingam et al). 1999;88:616-9

Biopsy, needle

Ultrasound-guided needle aspiration of lateral masticator space abscess (Sivarajasingam et al). 1999;88:616-9

Blister

Update on mucous membrane pemphigoid: a heterogeneous immune-mediated subepithelial blistering entity (Scully et al). 1999;88:56-68

Bone cysts

Cystic degeneration in fibrous dysplasia of the jaws: a case report (Ferretti et al). 1999;88:337-42

Simple bone cyst (Fielding et al). 1999;88:277-8

Bone marrow transplantation

GM-CSF mouthrinses in the treatment of severe oral mucositis: a pilot study (Bez et al). 1999;88:311-5

Oral mucositis in myelosuppressive cancer therapy (Epstein and Schubert). 1999;88:273-6

Bone morphogenetic proteins

Bone morphogenetic protein-2 in temporomandibular joints with internal derangement (Suzuki et al). 1999;88:670-3

Bone neoplasms

Chondroma of the hyoid bone: a case report (Nakagawa et al). 1999;88:333-6

Radiographic features of vertically fractured, endodontically treated maxillary premolars (Tamse et al). 1999;88:348-52

Bone screws

The effects of operator technique and bur design on temperature during osseous preparation for osteosynthesis self-tapping screws (Kerawala et al). 1999;88:145-50

Bone transplantation

Autogenous bone grafts in the rabbit maxillary sinus (Watanabe et al). 1999;88:26-32

Grafting of large defects of the jaws with a particulate dentin–plaster of paris combination (Kim et al). 1999;88:22-5

Buccal mucosa; *see* Mouth mucosa

Buffer capacity

Oral manifestations and salivary flow rate, pH, and buffer capacity in patients with end-stage renal disease undergoing hemodialysis (Kho et al). 1999;88:316-9

Burning mouth syndrome

Calcium sulfate

Grafting of large defects of the jaws with a particulate dentin–plaster of paris combination (Kim et al). 1999;88:22-5

Candida dubliniensis

Oral *Candida dubliniensis* as a clinically important species in HIV-seropositive patients in the United States (Meiller et al). 1999;88:573-80

Canine tooth

The use of panoramic radiographs to localize displaced maxillary canines (Chaushu et al). 1999;88:511-6

Carbon dioxide lasers; *see* Lasers

Carcinogenesis

p53 and cyclin D1 staining patterns of malignant and premalignant oral lesions in age-dependent populations (Castle et al). 1999;88:326-32

Carcinoma, adenoid cystic

Dedifferentiation occurring in adenoid cystic carcinoma of the tongue (Moles et al). 1999;88:177-80

Tumor-doubling time and onset of pulmonary metastasis from adenoid cystic carcinoma of the salivary gland (Umeda et al). 1999;88:473-8

Carcinoma, squamous cell

p53 and cyclin D1 staining patterns of malignant and premalignant oral lesions in age-dependent populations (Castle et al). 1999;88:326-32

Relationship of tumor thickness in punch biopsy and subsequent surgical specimens in stage I squamous cell carcinoma of the lower lip (de Visscher et al). 1999;88:141-4

Caries

Detection of caries with conventional digital imaging and tuned aperture computed tomography using CRT monitor and laptop displays (Abreu et al). 1999;88:234-8

Oral *Candida dubliniensis* as a clinically important species in HIV-seropositive patients in the United States (Meiller et al). 1999;88:573-80

Cathode-ray tube display; *see* Data display

Cell cycle

Cell cycle–associated proteins in melanotic neuroectodermal tumor of infancy (de Souza et al). 1999;88:466-8

Cemento-osseous dysplasia

Focal cemento-osseous dysplasia in the maxilla mimicking periapical granuloma (Dražić and Minić). 1999;88:87-9

Cheek

Benign mesenchymoma of the cheek: report of a case and review of the literature (Sakurai et al). 1999;88:74-9

Giant cell angiofibroma of the buccal mucosa (Kintarak et al). 1999;88:707-13

Recurrent buccal space abscesses: a complication of Crohn's disease (Gagoh et al). 1999;88:33-6

Cheilitis

Actinic cheilitis: a review of 152 cases (Kaugars et al). 1999;88:181-6

Chemotherapy; *see* Drug therapy

Child

Clinical features and management of oral and maxillofacial tumors in children (Tanaka et al). 1999;88:11-5

A dentoalveolar abscess in a pediatric patient with ketoacidosis caused by occult diabetes mellitus: a case report (Shahgoli et al). 1999;88:164-6

Diagnostic value of sialography with both the conventional and digital subtraction techniques in children with primary and secondary Sjögren's syndrome (Stiller et al). 1999;88:620-7

Evaluation of electronic dental anesthesia in children (Baghdadi). 1999;88:418-23

The management of sialolithiasis in 2 children through use of extracorporeal shock wave lithotripsy (Escudier and Drage). 1999;88:44-9

Placement of endosseous implants in children and adolescents with hereditary ectodermal dysplasia (Kearns et al). 1999;88:5-10

Raised salivary endotoxin concentration as a predictor of infection in pediatric leukemia patients (Millns et al). 1999;88:50-5

Chondroma

Chondroma of the hyoid bone: a case report (Nakagawa et al). 1999;88:333-6

Cicatricial pemphigoid; *see* Pemphigoid, benign mucous membrane

Color-coded image enhancements

In vivo accuracy and reliability of color-coded image enhancements for the assessment of periradicular lesion dimensions (Scarfe et al). 1999;88:603-11

Computed tomography; *see* Tomography, x-ray computed

Condylotomy

A technique to improve predictability of condylar position with modified condylotomy (Hall). 1999;88:127-8

Contraceptives, oral

Oral contraceptive usage and the expression of CA 15-3 and c-erbB-2 in the saliva of healthy women (McIntyre et al). 1999;88:687-90

Contrast material

Effect of number of projections on accuracy of depth discrimination using tuned-aperture computed tomography for 3-dimensional dentoalveolar imaging of low-contrast details (Yamamoto et al). 1999;88:100-5

Value of contrast-enhanced magnetic resonance imaging in differentiation of hemangiomas from lymphangiomas in the oral and maxillofacial region (Yonetsu et al). 1999;88:496-500

Correction

Evaluation of the precision of dimensional measurements of the mandible on panoramic radiographs (Catić et al) (1998;86:242-9). 1999;88:112

Correspondence

Periapical biopsy or not (Summerlin) (Letter); (Walton) (Reply). 1999;88:645-6

Renal disease, end-stage; *see* Kidney failure, chronic

Research Diagnostic Criteria for Temporomandibular Disorders
Comparison of clinical and magnetic resonance imaging diagnoses in patients with disk displacement in the temporomandibular joint (Barclay et al). 1999;88:37-43

Respiratory system
Pulmonary metastasis of ameloblastoma: case report and review of the literature (Henderson et al). 1999;88:170-6

Review literature
Benign mesenchymoma of the cheek: report of a case and review of the literature (Sakurai et al). 1999;88:74-9
Contemporary issues in the diagnosis of oral pemphigoid: a selective review of the literature (Dayan et al). 1999;88:424-30
Focal parotid necrosis in systemic lupus erythematosus: case report and review of the literature (Carron et al). 1999;88:455-60
Heterotopic oral gastrointestinal cyst: report of 2 cases and review of the literature (Said-Al-Naief et al). 1999;88:80-6
Multiple idiopathic resorption in the primary dentition: review of the literature and case report (Kim and Heffez). 1999;88:501-5
Pulmonary metastasis of ameloblastoma: case report and review of the literature (Henderson et al). 1999;88:170-6
A review of the recent literature regarding malignant transformation of oral lichen planus (van der Meij et al). 1999;88:307-10

Root canal therapy
Analysis of radiologic factors in determining premolar root canal systems (Martínez-Lozano et al). 1999;88:719-22
Effect of experience on quality of canal preparation with rotary nickel-titanium files (Baumann and Roth). 1999;88:714-8

Root resorption
Dental root resorption (Gunraj). 1999;88:647-54

Rosacea
An unusual case of a relationship between rosacea and dental foci (Lesclous and Maman). 1999;88:679-82

Rotary instruments; *see* Instruments

S

Saliva
Oral contraceptive usage and the expression of CA 15-3 and c-erbB-2 in the saliva of healthy women (McIntyre et al). 1999;88:687-90

Salivary gland calculi
The management of sialolithiasis in 2 children through use of extracorporeal shock wave lithotripsy (Escudier and Drage). 1999;88:44-9

Salivary gland neoplasms
Differentiation and the cytomorphology of salivary gland tumors with specific reference to oncocytic metaplasia (Dardick et al). 1999;88:691-701
Salivary duct carcinoma: an unusual case of long-term evolution (Madrigal et al). 1999;88:597-602
Synchronous ipsilateral sebaceous lymphadenoma and acinic cell adenocarcinoma of the parotid gland (Mayorga et al). 1999;88:593-6
Tumor-doubling time and onset of pulmonary metastasis from adenoid cystic carcinoma of the salivary gland (Umeda et al). 1999;88:473-8

Salivation
Oral manifestations and salivary flow rate, pH, and buffer capacity in patients with end-stage renal disease undergoing hemodialysis (Kho et al). 1999;88:316-9

Sarcoidosis
Sarcoidosis: medical and dental implications (Batal et al). 1999;88:386-90

Schizophrenia
Schizophrenia (Chuong). 1999;88:526-8

Sebaceous glands
Synchronous ipsilateral sebaceous lymphadenoma and acinic cell adenocarcinoma of the parotid gland (Mayorga et al). 1999;88:593-6

Sedatives; *see* Hypnotics and sedatives

Sheep
The role of the disk in sheep temporomandibular joint ankylosis (Miyamoto et al). 1999;88:151-8
Sialography
Diagnostic value of sialography with both the conventional and digital subtraction techniques in children with primary and secondary Sjögren's syndrome (Stiller et al). 1999;88:620-7
Sialolithiasis; *see* Salivary gland calculi
Sjögren's syndrome
Diagnostic value of sialography with both the conventional and digital subtraction techniques in children with primary and secondary Sjögren's syndrome (Stiller et al). 1999;88:620-7
Sleep disorders
Sleep disorders and the dental patient: an overview (Lavigne et al). 1999;88:257-72
Soft tissue
Three-dimensional facial morphometric assessment of soft tissue changes after orthognathic surgery (Ferrario et al). 1999;88:549-56
Soft tissue neoplasms
Giant cell angiofibroma of the oral cavity: report of a new location for a rare tumor (Rousseau et al). 1999;88:581-5
Sphenoid sinus
Hyperaeration of the sphenoid sinus: cause for concern? (Carter et al). 1999;88:506-10
Spindle cell tumor
Malignant spindle cell tumor arising in the mandible of a patient with florid osseous dysplasia (Schneider et al). 1999;88:69-73
Stains and staining
p53 and cyclin D1 staining patterns of malignant and premalignant oral lesions in age-dependent populations (Castle et al). 1999;88:326-32
Staphylococcus lugdunensis
Staphylococcus lugdunensis—a potential pathogen in oral infection (You et al). 1999;88:297-302
Sterilization
Effect of sterilization on the cutting efficiency of rotary nickel-titanium endodontic files (Rapisarda et al). 1999;88:343-7
Strictures
Surgical bypass of submandibular duct stricture (Mandel and Kaynar). 1999;88:532-3
Submandibular gland
Intraoral submandibular gland excision (Miloro). 1999;88:661-3
Surgical bypass of submandibular duct stricture (Mandel and Kaynar). 1999;88:532-3
Subtraction technique
Diagnostic value of sialography with both the conventional and digital subtraction techniques in children with primary and secondary Sjögren's syndrome (Stiller et al). 1999;88:620-7
Superoxide dismutase
Localization and changes in superoxide dismutase immunoreactivity in rat pulp after tooth preparation (Baumgardner et al). 1999;88:488-95
Synovial fluid
Association between arthroscopic diagnosis of temporomandibular joint osteoarthritis and synovial fluid nitric oxide levels (Takahashi et al). 1999;88:129-36
Syringes
Comparative study of different syringes in positive aspiration during inferior alveolar nerve block (Delgado-Molina et al). 1999;88:557-60

T

Talon cusp
Talon cusp affecting permanent maxillary lateral incisors in 2 family members (Segura and Jiménez-Rubio). 1999;88:90-2
Taurodontism
Endodontic treatment in taurodontism with Klinefelter's syndrome: a case report (Yeh and Hsu). 1999;88:612-5
Temporomandibular joint
Anatomy of the structures medial to the temporomandibular joint (Talebzadeh et al). 1999;88:674-8
Association between arthroscopic diagnosis of temporomandibular joint osteoarthritis and synovial fluid nitric oxide levels (Takahashi et al). 1999;88:129-36
Bone morphogenetic protein-2 in temporomandibular joints with internal derangement (Suzuki et al). 1999;88:670-3
Comparison of clinical and magnetic resonance imaging diagnoses in patients with disk displacement in the temporomandibular joint (Barclay et al). 1999;88:37-43
Detectability of anterior displacement of the articular disk in the temporomandibular joint on helical computed tomography: the value of open mouth position (Hayashi et al). 1999;88:106-11
The effects of antitumor irradiation on mandibular opening and mobility: a prospective study of 58 patients (Goldstein et al). 1999;88:365-73
Medical legal considerations in temporomandibular disorders (Goldstein). 1999;88:395-9
The relationship between chronic facial pain and a history of trauma and surgery (Plesh et al). 1999;88:16-21
The role of the disk in sheep temporomandibular joint ankylosis (Miyamoto et al). 1999;88:151-8
Specific expression of interleukin-1β in temporomandibular joints with internal derangement: correlation with clinical findings (Suzuki et al). 1999;88:413-7
Temporomandibular disorders: a review of current understanding (Goldstein). 1999;88:379-85
Titanium
Application of titanium-alloy endodontic implants in conjunction with periradicular surgery (Sumi et al). 1999;88:484-7
Effect of experience on quality of canal preparation with rotary nickel-titanium files (Baumann and Roth). 1999;88:714-8
Effect of sterilization on the cutting efficiency of rotary nickel-titanium endodontic files (Rapisarda et al). 1999;88:343-7
Heat generation by superpulsed CO_2 lasers on plasma-sprayed titanium implants: an in vitro study (Wooten et al). 1999;88:544-8
Tomography, x-ray computed
Detectability of anterior displacement of the articular disk in the temporomandibular joint on helical computed tomography: the value of open mouth position (Hayashi et al). 1999;88:106-11
Detection of caries with conventional digital imaging and tuned aperture computed tomography using CRT monitor and laptop displays (Abreu et al). 1999;88:234-8
Effect of number of projections on accuracy of depth discrimination using tuned-aperture computed tomography for 3-dimensional dentoalveolar imaging of low-contrast details (Yamamoto et al). 1999;88:100-5
Examination of the roots of paramolar tubercles with computed tomography: report of 3 cases (Ohishi et al). 1999;88:479-83
An in vivo comparison of diagnostic information obtained from tuned-aperture computed tomography and conventional dental

radiographic imaging modalities (Webber and Messura). 1999;88:239-47
Quality of preimplant low-dose tomography (Ekestubbe et al). 1999;88:738-44
Statistical study for sonographic differential diagnosis of tumorous lesions in the parotid gland (Shimizu et al). 1999;88:226-33

Tongue neoplasms
Asymptomatic posterolateral lingual mass (Carlos et al). 1999;88:654-6
Dedifferentiation occurring in adenoid cystic carcinoma of the tongue (Moles et al). 1999;88:177-80

Tooth, impacted
Radiographic evaluation of mandibular third molar eruption space (Hattab and Abu Alhaija). 1999;88:285-91

Tooth eruption
Radiographic evaluation of mandibular third molar eruption space (Hattab and Abu Alhaija). 1999;88:285-91

Tooth extraction
Dental extractions in patients maintained on continued oral anticoagulant: comparison of local hemostatic modalities (Blinder et al). 1999;88:137-40
Preradiation dental extraction decisions in patients with head and neck cancer (Bruins et al). 1999;88:406-12

Tooth resorption
Multiple idiopathic resorption in the primary dentition: review of the literature and case report (Kim and Heffez). 1999;88:501-5

Tooth root
Examination of the roots of paramolar tubercles with computed tomography: report of 3 cases (Ohishi et al). 1999;88:479-83
Radiographic features of vertically fractured, endodontically treated maxillary premolars (Tamse et al). 1999;88:348-52

Trabecular bone
Radiologic interpretation of bone striae: an experimental study in vitro (Cavalcanti et al). 1999;88:353-7

Trabecular pattern
Alterations of the trabecular pattern of the jaws in patients with osteoporosis (White and Rudolph). 1999;88:628-35

Transplantation, autologous
Autogenous bone grafts in the rabbit maxillary sinus (Watanabe et al). 1999;88:26-32

Trauma; *see* Wounds and injuries

Trismus
The effects of antitumor irradiation on mandibular opening and mobility: a prospective study of 58 patients (Goldstein et al). 1999;88:365-73

Tuned-aperture computed tomography; see Tomography, x-ray computed

U

Ultrasonography
A comparative study of sonographic and histopathologic findings of tumorous lesions in the parotid gland (Shimizu et al). 1999;88:723-37
Statistical study for sonographic differential diagnosis of tumorous lesions in the parotid gland (Shimizu et al). 1999;88:226-33
Ultrasonic determination of thickness of masticatory mucosa: a methodologic study (Müller et al). 1999;88:248-53
Ultrasound-guided needle aspiration of lateral masticator space abscess (Sivarajasingam et al). 1999;88:616-9

Ultraviolet therapy
Ultraviolet B irradiation: a new therapeutic concept for the management of oral manifestations of graft-versus-host disease (Elad et al). 1999;88:444-50

Universities
Academic oral and maxillofacial pathology—Can we "do it all"? (Allen). 1999;88:255-6 (Editorial)
